

Building the Future of
Sports Infrastructure

www.sti-mena.com

ABOUT US

STI is a regional leader in sports infrastructure, bringing over 15 years of experience in the supply and implementation of advanced sports flooring systems, equipment, and turnkey facility solutions across the MENA region.

We deliver internationally certified sports environments built to the highest global standards, from FIFA-compliant football fields and ITF-approved tennis courts to World Athletics-certified running tracks. Our Padel Courts Systems are also aligned with World Padel Tour.

Our scope covers fully integrated, turnkey solutions across sports and recreational infrastructure, supported by a strong trading network that ensures reliable supply and efficient delivery. This includes artificial grass, acrylic and multi-purpose courts, running tracks, indoor parquet flooring, padel courts, gyms, playgrounds, seating systems, and sports equipment.

What sets us apart is execution at speed. With strong regional stock availability, we enable fast-track project delivery, reduced lead times, and reliable outcomes in a demanding market.

Backed by partnerships with globally recognized brands, we combine international quality with regional agility, delivering high-performance sports environments for governments, developers, and institutions.

We don't just build sports facilities — we create spaces designed for performance, built for impact.

MISSION & VISION

OUR MISSION

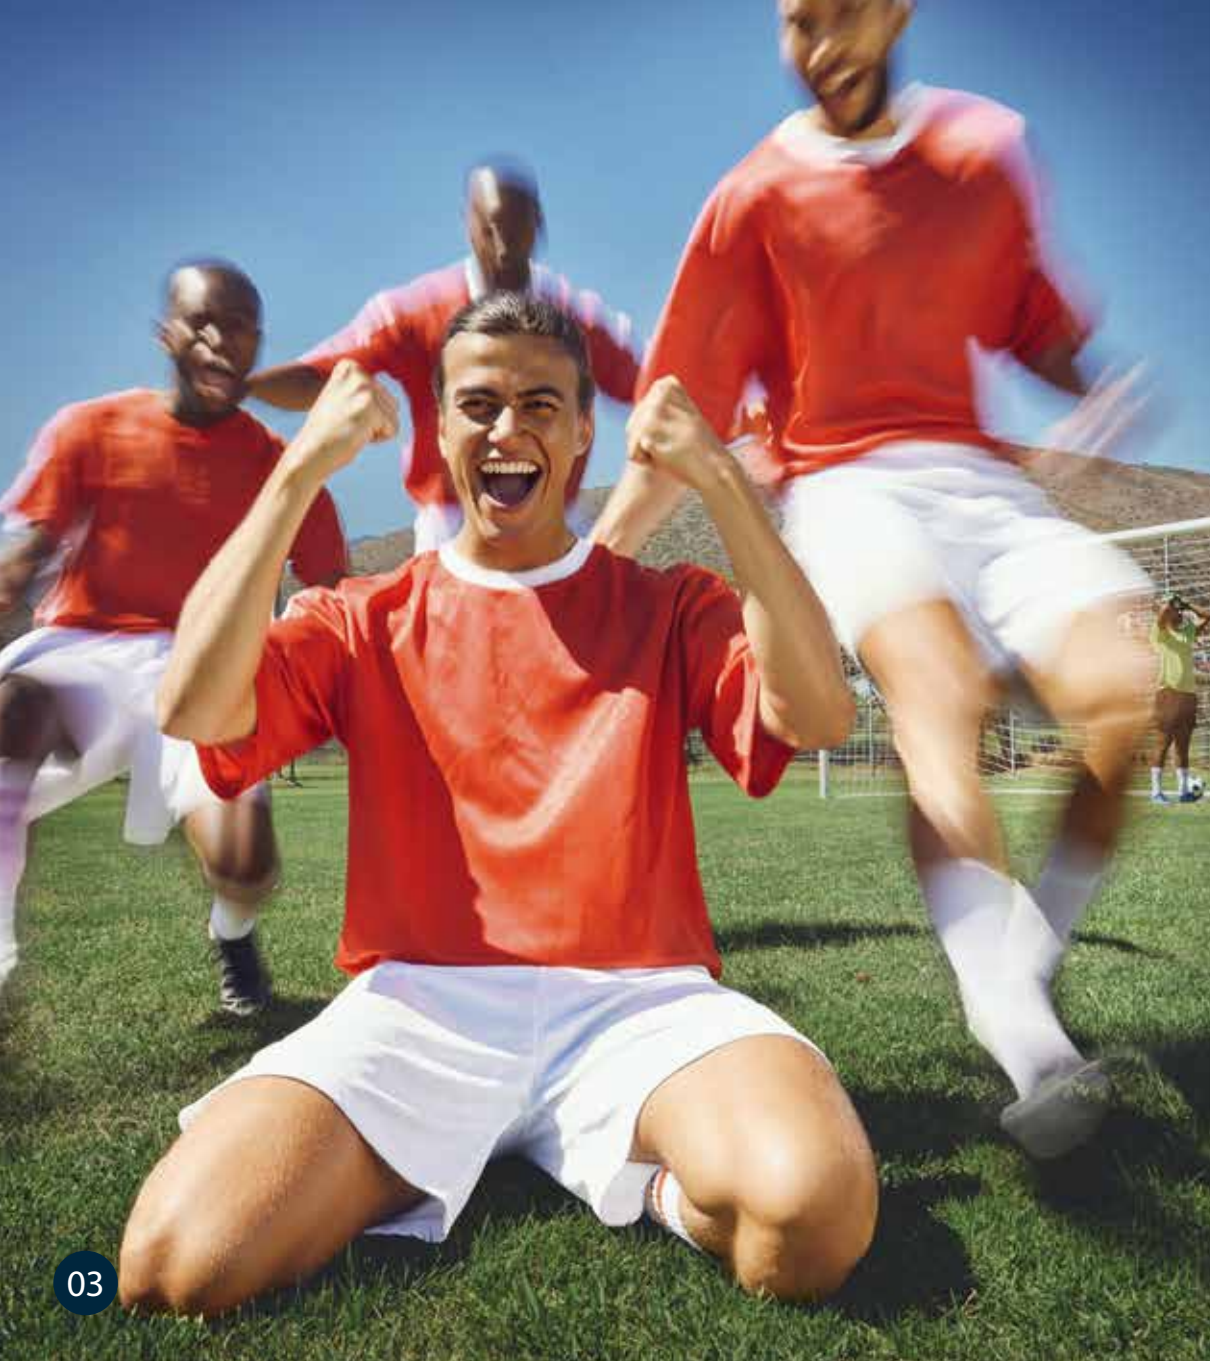

To set the benchmark in sports infrastructure by delivering integrated, turnkey solutions, from premium system supply to precision installation and seamless project execution.

We are committed to creating high-performance sports environments that meet international standards, delivered with speed, reliability, and uncompromising quality.

OUR VISION

To be the most trusted sports infrastructure partner across the MENA region, recognized for setting new standards in quality, innovation, and execution, powered by unmatched stock readiness and rapid delivery capabilities.

We aim to shape the future of sports development by simplifying facility delivery and elevating performance across every project.

OUR VALUES

QUALITY

Certified, high-performance systems engineered to meet global standards.

INTEGRITY

Transparent execution with full accountability at every stage of delivery.

RELIABILITY

Stock-readiness, operationally strong, and delivery-driven.

INNOVATION

Advanced systems powered by proven global technologies and materials.

COMMITMENT TO THE SPORT

We create performance-driven environments that elevate, inspire, and enhance every game.

OUR SOCIAL IMPACT

At STI, we believe that access to quality sports infrastructure is not a privilege, it is a foundation for stronger communities.

We actively support underprivileged schools, community institutions, and NGOs by contributing to the development of safe, inclusive, and high-performance sports environments.

Through every project, we foster youth development, teamwork, discipline, and equal opportunity, empowering the next generation through sport.

We don't just build facilities, we create spaces that bring people together and drive lasting community impact.

WHY STI?

CERTIFIED EXPERTISE

Proven delivery of internationally compliant sports facilities.

REGIONAL STRENGTH

Active presence across MENA with deep market understanding.

STOCK READINESS

Substantial regional inventory ensuring fast mobilization.

TURNKEY CAPABILITY

From concept to completion, one accountable partner.

PROVEN PARTNERSHIPS

Trusted by leading global brands and manufacturers.

ARTIFICIAL GRASS

Advanced artificial grass solutions, engineered for both landscaping excellence and professional sports performance

APPLICATIONS

- Landscaping & Commercial Spaces
- Football fields compliant with FIFA standards
- Padel Systems aligned with World Padel Tour requirements.
- Golf, Tennis, Cricket, Rugby & Multi-Sport Fields

KEY FEATURES

- UV-stabilized fibers for MENA climate
- High durability & wear resistance
- Certified shock absorption systems
- Advanced drainage performance

ACRYLIC COURT SYSTEMS

High-performance acrylic surfacing systems for outdoor sports courts

APPLICATIONS

- Tennis
- Pickle Ball
- Basketball
- Volleyball
- Handball
- Multi-Purpose
- School & Club Facilities

SYSTEMS

- Hard Court
- Cushion
- Acrylic on Rubber

KEY FEATURES

- Slip-resistant textured finishes
- ITF pace classification systems
- Weather-resistant coatings
- Custom color configurations

POLYURETHANE (PU) COURT SYSTEMS

**Seamless, cushioned PU
systems for indoor and
outdoor sports**

APPLICATIONS

- Tennis
- Pickle Ball
- Basketball
- Volleyball
- Handball
- Multi-Purpose
- School & Club Facilities

SYSTEMS

- Smooth PU (Self -Leveling)
- Textured Anti-slip PU
- PU +SBR Shockpad
- Outdoor PU Court

FEATURES

- Elastic comfort layer
- Seamless finish
- High abrasion resistance

PARQUET SPORTS FLOORING

Parquet flooring systems, designed for high-performance indoor sports and premium spaces, compliant with FIBA standards.

APPLICATIONS

- Basketball
- Volleyball
- Handball
- Squash
- Fitness

SYSTEMS

- Area Elastic
- Combined Elastic (Hybrid)
- Solid Wood

KEY FEATURES

- Engineered hardwood systems
- Shock absorption substructures
- FIBA-compliant configurations
- Professional finishing & line marking

RUNNING TRACKS

Advanced synthetic track systems compliant with World Athletics standards

APPLICATIONS

- Stadiums and athletic complexes
- Schools and universities
- Sports clubs and training centers
- Public parks and recreational facilities
- Professional competition venues

SYSTEMS

- Sandwich PU
- Full Pour
- Spray Coat
- Prefabricated Rubber Track (Rolled System)

KEY FEATURES

- High shock absorption
- Spike resistance
- Long-term color stability

RUBBER FLOORING

Rubber flooring systems, engineered for safety, impact absorption, and long-term performance.

APPLICATIONS

- Gyms and fitness centers
- Children's playgrounds and recreational areas
- Schools and educational facilities
- Sports and training centers
- Indoor and outdoor activity zones

SYSTEMS

- Interlock Tiles
- Rubber Matts
- Rubber Tiles
- Safety Cast- Insitu Rubber Systems

KEY FEATURES

- High shock absorption and impact protection
- Slip-resistant and user-safe surface
- Durable, weather-resistant materials
- Low maintenance and easy cleaning
- Custom thickness and design options

PADEL COURTS

**High-performance Padel
court solutions designed to
meet international
standards**

APPLICATIONS

- Sports clubs and academies
- Private and residential developments
- Hotels and resorts
- Schools and recreational facilities
- Commercial sports complexes

SYSTEMS

- Classic
- Panoramic
- Panoramic Pro

KEY FEATURES

- Tempered glass systems
- Galvanized steel structures
- Professional turf systems
- LED sports lighting integration
- World Padel Tour standards

PLAYGROUNDS

A photograph of a modern playground. In the foreground, a large, curved metal slide descends from a wooden tower. The tower has a circular window. A net bridge connects the tower to another wooden structure in the background. The ground is covered with a colorful rubber safety mat in shades of green, yellow, and orange. There are some plants and trees in the background.

Indoor & Outdoor playground solutions designed for safety, durability, and engaging play experiences.

OUTDOOR PLAYGROUNDS

- Metal & HDPE structures
- Slides, swings & climbing systems
- Safety-certified installations

SOFT PLAY (INDOOR)

- Foam-based play systems
- Toddler-safe zones
- Custom theme designs

Compliant with international child safety standards.

SHOCKPADS & WALL PROTECTION

Cushioning and protective solutions designed to enhance safety, reduce impact, and improve overall surface performance.

APPLICATIONS

- Sports facilities and training centers
- Indoor courts and multipurpose halls
- Schools and educational institutions
- Gyms and fitness areas
- Children's play and activity zones

KEY FEATURES

- High shock absorption and impact reduction
- Enhanced player safety and injury prevention
- Durable, long-lasting materials
- Seamless integration with sports flooring systems
- Wall and perimeter protection solutions

INFILL MATERIAL

High-quality infill solutions designed to enhance surface stability, safety, and performance.

APPLICATIONS

- Artificial grass Infill
- Running Tracks & Playgrounds
- Multi-purpose turf systems
- Training and recreational facilities

MATERIAL

- SBR rubber
- EPDM
- TPE
- Organic infill options

KEY FEATURES

- Improved shock absorption and player comfort
- Enhanced turf stability and fiber support
- Consistent ball response and playability
- Durable, weather-resistant materials
- Compatible with various artificial turf systems

STADIUM SEATS & TRIBUNES

Seating solutions designed for comfort, durability, and optimal viewing experience.

APPLICATIONS

- Stadiums and sports arenas
- Schools and university facilities
- Indoor sports halls
- Outdoor sports complexes Public and recreational venues

CATEGORIES

- Fixed plastic seats
- Foldable VIP seating
- Telescopic tribune systems
- Custom color branding

KEY FEATURES

- Ergonomic and user-friendly design
- Durable, weather-resistant materials
- Modular and customizable configurations
- Compliance with safety and quality standards
- Easy installation and maintenance
- UV Resistant
- Fire Resistant

SPORTS EQUIPMENT & ACCESSORIES

Comprehensive supply of professional sports equipment and accessories for complete sporting facility solutions

INCLUDES

- Basketball posts & backboards
- Football goals
- Tennis & padel nets
- Badminton Nets
- Padel Nets & Protection Pads
- Padel Rackets & Accessories
- Volleyball nets
- Track & field equipment
- Electronic scoreboards
- Player benches & shelters
- Table Tennis
- Gymnastics Equipment

Supply, installation & anchoring systems included

GYM EQUIPMENT

A pair of black dumbbells with a silver-colored metal handle is positioned on a dark, textured gym floor. The dumbbells are slightly out of focus, with the one in the foreground being sharper. The background shows a blurred view of the gym floor and some equipment.

**Complete fitness facility
solutions delivering quality
equipment and optimized
training spaces**

APPLICATIONS

- Commercial gyms and fitness centers
- Hotels and residential developments
- Corporate wellness facilities
- Schools and universities
- Private training studios

CATEGORIES

- Cardio equipment
- Strength machines
- Free weights
- Functional training rigs
- Custom gym layouts
- Gym Accessories

KEY FEATURES

- Wide range of strength and cardio equipment
- Durable, high-performance systems
- Ergonomic and user-friendly design
- Modern, space-efficient layouts
- Customizable configurations
- Professional supply and installation

FACILITY MAINTENANCE

Proactive and corrective maintenance programs designed to preserve safety, performance, and long-term asset value.

Includes

- Artificial turf grooming and infill leveling
- Court and track inspection, repair, and line restoration
- Parquet refinishing and surface treatment
- Equipment and seating inspection and adjustments
- Safety compliance checks and component replacement

We ensure every facility continues to perform at the highest standard.
